

MOBILE VIRTUAL TRAINING POWDER COATING

SIMSPRAY GO POWDER OFFERS **MOBILE EASY-TO-USE**, SIMULATION-BASED POWDER COATING TRAINING THAT TRANSFORMS ANY SPACE INTO A VIRTUAL POWDER BOOTH. **SAVE TIME, REDUCE WASTE, AND ACCELERATE** TRAINING WITH IMMERSIVE VR.

Why SimSpray?

SimSpray's high-quality training features support faster, safer, better training. These virtual reality training tools allow you to **teach powder coating skills up to 5x faster** and **reduce material costs by up to 50%**.

- ▶ "Plug n Play" Setup
- ▶ Visual Cues
- ▶ Paintometer ROI Tracking
- ▶ Live Performance Feedback
- ▶ Zero-Waste Training
- ▶ Integrated Curriculum
- ▶ Paint Editor
- ▶ Performance Tracking

Multi-Language Integration for Wider Accessibility

SimSpray gives you a lot of repetitions in a pretty short period of time, which you can't get in a production environment today.

Go Mobile SIMSPRAY GO

SimSpray Go is a compact, portable version of SimSpray. This model offers a lightweight and mobile training experience. We recommend **SimSpray Go Powder** to support powder coating applicator training for schools and specialty manufacturers who have more mobile training needs.

What's Included TRAINING CONTENT

Geometric Shapes: 18 parts featuring basic structures and coating challenges.

Powder Content Pack: 10 parts with creases, holes, and complex structures.
